Integration Quick Start

Connect Salesforce to one core business system with pragmatic scope.

brysa

We are Brysa

brysa

Of Spanish origin meaning “Breeze”.
A Personalisation, Operational automation,
and Salesforce modernisation company.

Our Expertise

At Brysa, we specialise in enabling organisations to unlock the full potential of Salesforce. Our quick start packages are designed to help you get up and running swiftly and cost-effectively.

Our Approach

We understand the importance of seeing a return on your investment quickly. Our structured methodology eliminates the uncertainties often associated with traditional engagements.

Our Promise

Exceptional quality, tailored to your needs, delivered on time and within budget.

Create a reliable integration between Salesforce and one core business system without launching a wider integration programme including mapping, testing and support with **Brysa Integration Package**.

Ideal for organisations that need a simple interface for customer, order, finance or case data.

Fixed-price scope with defined object, field and interface-pattern limits across one external system.

Delivered with mapping documentation, UAT support, handover guidance and 21 days of support.

£5,000 excl Tax

Discovery and Mapping

- Use-case review
- Ownership and timing
- Up to 5 objects
- Acceptance criteria

Solution Design

- Lightweight architecture note
- Agreed interface pattern
- Failure-handling approach
- Dependencies logged

Build and Configuration

- 1 external system
- API, webhook or file pattern
- Up to 30 fields per object
- Sandbox + production support

Testing

- Brysa unit testing
- 1 coordinated UAT cycle
- Issue triage
- Deployment checklist

Handover

- Mapping table
- Admin monitoring guide
- Support runbook
- Post-go-live review

Commercials and Scope

- Fixed £5,000 exc VAT
- 3 weeks implementation
- 8 hours of support (21 days)

What is not included?

While our package is comprehensive, some elements are **outside the scope**.

However, for these additional features, our team can work with you to create custom solutions.

Features that are not a part of this Package:

- Complex orchestration across multiple systems
- High-volume real-time event architecture
- Custom portal or UI for operational support
- Historic reconciliation beyond agreed test records
- 24/7 managed services or SLA monitoring

Prerequisites

To ensure smooth implementation, we require

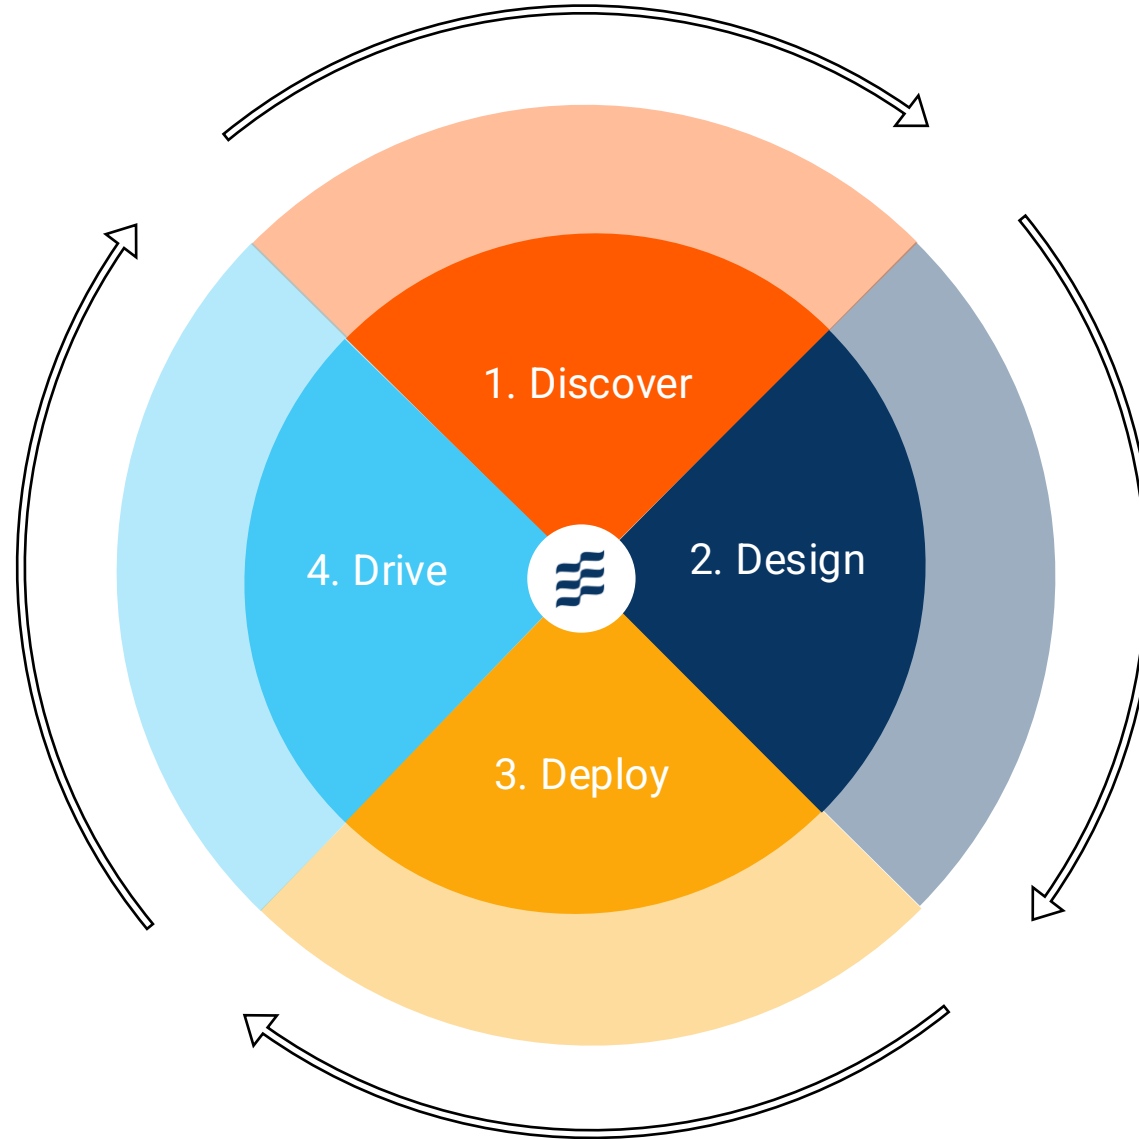

Signed Statement of Work (SoW) with **Brysa**.

Named owners and test environments for both systems.

API access or agreed extract method plus sample data supplied.

The Brysa Way

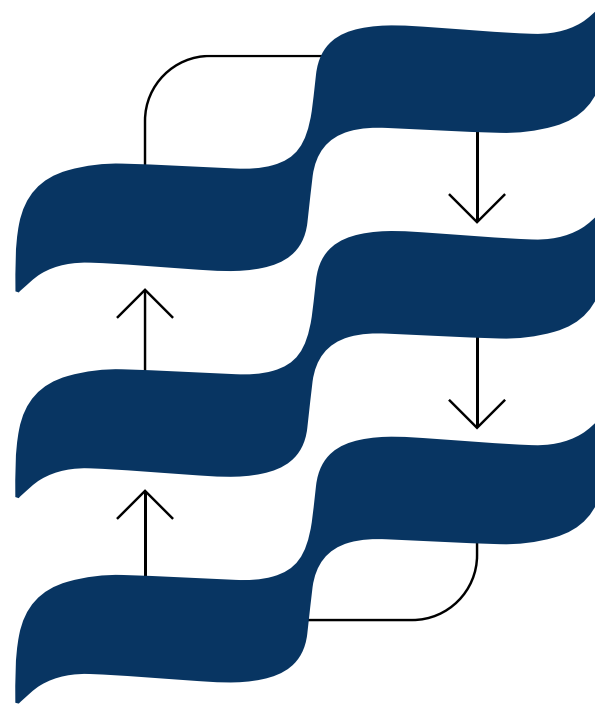

As trusted Salesforce experts, Brysa is committed to delivering excellence.

Our experienced consultants coupled with a client focused approach make us the partner of choice for organisations looking to achieve Salesforce success.

We call this the
Brysa Effect.

Automated operations.
Systems harmonised.
Technical debt reduced.
And employees in **flow**, embracing
an AI-powered world.
